

ESIC Dental College & Hospital, Kalaburagi Report on “World Environment Day: 5th June 2025”

ESIC Dental College and Hospital, Kalaburagi celebrated **World Environment Day** on **5th June 2025** with a **sapling plantation** drive organized within the college premises. The event aimed to raise awareness about the importance of environmental conservation and promote sustainable practices among the college community.

The program began with a gathering of the Dean, faculty members, supporting staff, students, IP patients, all of whom actively participated in the program. Saplings of various species, including shade-giving and flowering plants, were planted in designated areas around the college and hospital buildings. The **Dean, Dr. Prashant B Patil** led the initiative by planting the first sapling, setting the tone for the event. **Faculty members, students, supporting staff, and IP patients** joined in, each taking the opportunity to plant a sapling and contribute to the green effort. The participation of patients added a unique and inclusive aspect to the event, highlighting the role of community engagement in environmental initiatives.

The celebration of World Environment Day at ESIC Dental College served as a reminder of the vital role that healthcare institutions and individuals play in promoting environmental awareness. The college remains committed to continuing such green initiatives and contributing to a healthier and more sustainable future.
